

# Heart of Worship

Matt Redman

D                    A                    Em                    A  
When the music fades, all is stripped away, and I simply come  
D                    A                    Em  
longing just to bring something that's of worth,  
A  
that will bless Your heart.

Em                    D/F#                    A                    Em  
I'll bring You more than a song, for a song in itself  
D/F#                    A  
is not what You have required.  
Em                    D/F#                    A  
You search much deeper within,  
Em  
through the way things appear.  
D/F#                    A  
You're looking into my heart!

D                    A2/C#  
*I'm coming back to the heart of worship,*  
Em                    G                    A                    D  
*and it's all about You. It's all about You, Jesus!*  
A2/C#  
*I'm sorry, Lord, for the thing I've made it*  
Em                    G                    A                    D  
*when it's all about You. It's all about You, Jesus!*

King of endless worth, no one could express  
how much You deserve!  
Though I'm weak and poor, all I have is Yours,  
every single breath!
