

Job's Song

Hezekiah Walker

G D
Been broken, put through the fire,
Em C D G
felt the heat melt all my strength away.

G D
I felt so lonely, felt so abandoned.
Em C D G
"Where is God," I heard my little voice say.

G D Em C D G
I need You. I need You. O Lord please hold me next to You!
G D Em C D G
I need You. I need You. O Lord don't let me fall from You!

Lord I know this world isn't easy,
and I know You've never promised no pain.
Trials will come and trials will test me,
but help me Lord! It's hard to see them as gain.

I forgot that You're right beside me.
Let me know that You're with me through the length.
Though I weak, Lord, this is my prayer:
Through my weakness, Lord please be my strength.
